Endorsements

This is the life and journey of one man, but in many ways his life is a snapshot of modern man living on the edge of destruction, yet finding redemption. It reads like a novel, full of pain and tragedy followed by deliverance – failure followed by restoration, hopelessness followed by hope... It is the story of our times.

— **Joan Hunter**
Author/Evangelist

This is a book that will truly touch your heart. It's a story that leads one to look to the God that can take our worst, and make something beautiful out of it.

— **Rev. Duane Grant**
Bethel Family Worship Centre, St. Paul Alberta

In this incredible book, Holmes sets the reader free! ... Authenticity, transparency, and deep honesty is such a rare commodity today, and in this book, Walter opens up, speaks about his past and present, and shares hope and healing for the future.

— **Abe Brown** MBA M.R.ED/C
Certified Master Coach Trainer/Author
